# **Profile**

I am a 21-year-old 3rd year student for a Bsc in Computer Science at the University of Pretoria. I have a strong academic record with 4 distinctions in the 2022 NSC Grade 12 examinations, including Mathematics and Information Technology. Skilled at working collaboratively in teams, with proven ability to communicate complex ideas effectively and apply strong analytical and problem-solving skills. Passionate about artificial intelligence, software development, and cybersecurity, and committed to continuous growth and applying innovative solutions to real-world challenges.

#### **EDUCATION**

# EDENVALE HIGH SCHOOL -NQF LEVEL 4 2018 - 2022

Matriculated with NSC 4 Distinctions and a bachelor pass

#### Subjects And Grades

- Mathematics Level 7
- Information Technology Level 7
- Business Studies Level 7
- Life orientation Level 7
- Afrikaans first additional language level 5
- English Home language level 6
- Physical sciences Level 5

#### UNIVERSITY OF PRETORIA

BSc Computer Science **2023 - present** 2024 NQF Level 6 - Completed 2nd year of Computer Science at the university of Pretoria recieving an overall percentage average of 60% across all my modules in my 2<sup>nd</sup> year of study

# **EXPERIENCE**

## JCP MENTOR

2025

Worked as a JCP mentor for JCP 202 at the university of Pretoria, JCP is a community work module that all EBIT Students must take I recieved a 90% for this module at UP.

#### **Job Activites**

- Mentoring students on JCP community work requirements and activites
- invigilation of students during JCP week
- ensuring students understand their community works and engage with their community partners

#### **SKILLS**

#### **Programming & Development**

- Delphi, C++, Python, Java, PHP, Node.js, React.js
- Web development (front-end & back-end)
- RESTful APIs, object-oriented programming

#### **Databases**

- University-level knowledge of SQL and relational database concepts
- MongoDB (NoSQL databases)
- Database design, optimization, and management

#### **Cybersecurity & Networking**

- Network engineering fundamentals (routing, switching, protocols)
- Digital forensics, web exploitation, cryptography, reverse engineering
- Hands-on experience with CTF challenges (picoCTF, TryHackMe)
- Familiarity with cybersecurity best practices and threat analysis

#### **Artificial Intelligence & Data Science**

 Exposure to AI and machine learning concepts from coursework

#### **Soft Skills**

- Strong communication and teamwork abilities
- Analytical and critical thinking
- Problem-solving under pressure

# **ENGINEERING PROJECT**

# <u>University of Pretoria (COS 301)</u> May 2025 – October 2025

- Completed as part of the final-year Software Engineering module (COS 301) in collaboration with BBD Software (industry partner).
- Designed and implemented a full-stack software application with a team of 4 peers, applying software engineering principles and agile practices.
- Gained real-world industry experience through direct mentorship and collaboration with industry professionals.
- Applied modern technologies across the stack:
  - Frontend: React, MCP (Model-Controller-Presenter pattern)
  - Backend: Python, FastAPI, OpenAPI, OpenAI integration
  - DevOps & CI/CD: GitHub Workflows & Actions, automated testing, version control
  - Cloud Deployment: AWS (hosted and deployed final web application with multiple aws services)
- Delivered a production-ready application, strengthening skills in teamwork, problem-solving, and industry-standard development practices.

# **ACHIEVEMENTS**

- 2022 Grade 12: Awarded subject prizes in Business Studies, Life Orientation, Mathematics, and Information Technology.
- 2024 2nd Year, University of Pretoria: Achieved 2 distinctions in JCP 202 and WTW 285 (Discrete Mathematics, 75% average).
- 2025:
  - Awarded academic bursaries from Telkom, Computershare, and BEE Chambers in recognition of academic excellence and dedication.
  - Placed 2nd in the SanRen Cyber Security Challenge (Qualification Round) representing the University of Pretoria.
     Competed in CTF-style challenges in digital forensics, cryptography, and reverse engineering.

### **COMMUNITY ACTIVITIES**

#### SRI SATHYA SAI SEVA PROGRAMS

2013-

PRESENT Participates in monthly community serviceMonthly campaigns organised by the sri Sathya Sai Religious group

# Activites

- Participating in local feeding programs by the organisation that occur monthly (we provide food and water to the less fortunate in the Johannesburg CBD)
- The Ithembelihle Lsen School movie night program where we assisted children with disabilities and played a movie for them
